53-years-old and still shining on Tucson

Tucson, AZ (October 2, 2006) - Family has always been foremost at Sun Lighting, Tucson's largest and most prestigious award-winning lighting showroom. The team is ready for the best Sun Lighting celebration ever **October 13, 14 and 15**.

Sun Lighting will offer something for all ages; hot dogs and jumping castles for the kids and giveaway extravaganzas including prizes from Sun Lighting's many elite manufacturers plus \$1,000 shopping sprees for lucky winners.

Background:

Mike Levkowitz opened Sun Lighting in 1953 selling lighting fixtures out of his home. Mike's son and daughter-in-law, Danny and Anita Levkowitz, took over the business in 1992 and moved the elegantly renovated showroom to its prime Broadway Boulevard location. Now the meticulously designed 2,000 square foot showroom offers more than just lighting pieces, having added furniture and home accessories, all the while maintaining the same family feel it had back in 1953.

Sun Lighting has been the most recognizable name for lighting in the Old Pueblo. Growing immensely from its humble beginnings it is now a nationally recognized name having been featured on an episode of The Learning Channel's (TLC) Trading Spaces, the home design reality TV show.

Sun Lighting is located at 4545 E. Broadway Blvd. 322-4303.
